NORTH CAROLINA MARITIME MUSEUM in BEAUFORT

2020

JUNIOR SAILING PROGRAM

315 Front Street
Beaufort, North Carolina 28516-2124

SUMMER 2020

The Junior Sailing Program offers basic through advanced sailing instruction to youth ages 8 and older. Instructors are certified in First Aid and CPR. Instruction takes place on the protected waters around Beaufort.

This exciting program teaches the arts of rigging, sailing, and seamanship and introduces students to maritime traditions and history. It is designed to teach the basic skills of sailing to beginners and to hone the skills of more advanced students, using a combination of time in the classroom and on the water.

The program helps participants develop self-esteem, responsibility, and sportsmanship, as well as knowledge of and respect for the forces of nature. An awareness of boating safety is emphasized throughout the program.

The Museum offers morning educational activities to complement afternoon sailing. Ask for the Summer Science School brochure and application.

The Junior Sailing Program uses two classes* of sailboats that are commonly used in sailing and racing programs throughout the US.

INTERNATIONAL OPTIMIST DINGHY (IOD OR OPTI)

The IOD is recognized worldwide as the sail-training and competition boat for youth ages 8-15 and is the ideal craft for teaching sailing to beginners. It has a single, sprit-rigged sail and is 7 feet 9 inches long. The Junior Sailing Program uses 20 IODs, all built at the Museum's Watercraft Center and maintained by staff and volunteers. The maximum student weight in the Opti is 130 lbs.

FLYING JUNIOR (FJ)

The FJ is 13 feet 3 inches long and has two sails—a mainsail and a jib. It carries a two-person team. Each crew member will learn to rig, launch, and sail this fun and fast daysailer. Racing fundamentals, tuning techniques, and proper boat handling will be covered. The program has four FJs. Students wishing to participate in the Flying Junior class must have sailing experience and knowledge, preferably from at least one session of the Museum's Junior Sailing Program. Participants must weigh at least 100 lbs.

SESSIONS

Two-week sessions for Optis and FJs are offered, with one group session in the morning from 8:30 a.m.–noon and another in the afternoon from 1–4:30 p.m.

A Regatta Week Session meets for one week, Monday through Friday, beginning August 3, from 12:30–5 p.m. On Saturday, August 8, students participate in the Hoop Pole Regatta. The purpose of this session is to gain greater familiarity with the boats and to prepare for racing in a regatta.

The Regatta Week registration fee includes lunch and dinner on Saturday, August 8. A parent or guardian is expected to accompany each student to the regatta.

* Sunfish sessions are no longer offered.

REGISTRATION

Due to the popularity of the Junior Sailing Program, and the desire of parents to get registered early, we receive a flood of applications on the first day of registration. Consequently, we use procedures that make the process fair and equitable.

ONLINE REGISTRATION Starts February 14, 2020 at 9:00 AM

All current Friends members will receive a code via email that allows them to register and pay online. There will be a way during the registration process to renew or join for those who are not current members.

Online registration begins Friday, February 14th at 9 a.m. Real-time availability for all Program sessions allows efficient and expedient registration.

Those that do not wish to register online may call the Program Registrar at (252) 504-7758 or visit the museum on or after February 14. The Registrar will be available on Friday, February 14, from 9 a.m.–2 p.m. and from then on, 9 a.m.–2 p.m., Monday–Thursday.

Payment in full will be required to secure the desired session(s).

Please note that Friends of the Museum members at the Benefactor (\$300) Level and above are entitled to early online registration from February 3–10. During this time Benefactor Members (\$300) may enroll one student. Members at \$500 and above may enroll two students. More information will be provided via e mail to current Friends members and will be posted on the web site.
